JOSIAH TURNER, Jr., EDITOR.

A PLEA FOR THE LITTLE FOLKS.—Don't expect too much of them; it has taken for y years. it may be, to make you what you are with all you lessons of experience; and I will dare say you are a faulty being at best. Above all, don't expect judgment in a child, or patience under trials. Sympathize in their mistakes and troubles; don't ridicule them. Remember not to measure a child's trials by you standard. "As one whom his mother comforteth," says the inspired writer; and beautifully does he convey to us the deep, faithful love that ought to be found in every woman's heart, the unfailing sympathy with all her children's griefs When I see children going to their father for comfort, I am sure there is something wrong with their mother.

Let the memories of their childhood be as bright as you can make them. Grant them every innocent pleasure in your power. We have often felt our temper rise to see how carelessly their little plans were thwarted by older persons, when a little trouble on their part would have given the child pleasure, the memory of which would last a life-time. Lastly, don't think a child hopeless because it betrays some very bad habits. We have known children that seemed to have been born thieves and liars, so early did they display these undeniable traits, yet we have lived to see those same children become noble men and women, and ornaments to society. We must confess they had wise, affectionate parents. And whatever else you may be compelled to deny your child by your circumstances in life, give it what it most values, plenty of love.

"POOR CHARLOTTE."—The unfortunate empress of Mexico, the widow of Maximilian —"Poor Charlotte"—is yet residing in Tervueren Castle, and has still but very few light moments. She is strictly watched, and her keepers hardly venture to allow her the former long promenades in the park, as she has more than once endeavored to elude their vigilance. Even a short time ago, they had the greatest difficulty in preventing her from galloping off on the horse of a soldier who had just brought a dispatch to the castle. She was always passionately fond of riding, and Oberst Van de Veldr, one of her attendants was compelled to use all his authority, to hinder her from carrying out her intentions. In Tervueren is a telegraphic bureau. There the unhappy empress spends a great part of her time in sending messages to all the European sovereigns, to whom she bitterly complains of her close imprisonment. These telegrams are always forwarded to the court at Brussels, and Charlotte never quits the bureau until she has received answer. One of the strangest symptoms of her derangement is, that she will never sit a table to take any meal. She has her dinner served on a small night table, and the officer on guard must eat by the fireplace She still holds fast to the idea that some one intends to poison her, and each dish has to be tasted of in her presence before she will consent to touch it. Her nights are very restless; only toward morning she enjoys a few hours sleep. The physicians have given up all hopes of ever being able to restore her to reason.

STEAM TO BE SUPERSEDED BY ELECTRICITY.—The New York correspondent of the Boston *Journal* describes a new invention for displacing steam by electricity, and says that lathes, planing machines, and other mechanical arrangements are driven by this power. To run an engine of twenty-horse power by this invention would require only a space of three feet long, two feet wide, and two feet high. The cost per day would be thirty five cents. On a steamship no coal would be required, and the space now used for coal and machinery could be used for cargo. The stubborn resistance of electricity to mechanical use heretofore has, it is believed, been overcome. A continued battery has been secured and other difficulties removed principally through the evil of the magnet. It the invention works as well on a large scale as it does on the machinery to which it is now applied, steamships will soon ply the ocean under the new propelling power. A machine of great capacity is being constructed, and will soon be on exhibition in New York. The whole thing, mighty enough to carry a Cunarder to Liverpool, can be secured in a small trunk.

THE REPUBLIC OF LIBERIA.—A report was read before the American Colonization Society in New York on Sunday, March 20, showing that from the first departure of colored men from this country for Liberia, who were shipped at New York in 1820, the tide of emigration increased every year until up to the present date the number of colonists landed on its shores amounted to 20,000 freedmen and unfortunates rescued from the captured slave-traders by our war vessels. During the last four years 2,400 persons have been sent thither, and nearly twice as many applications were made by those desirous of returning to the land of their fathers. The population of Liberia amounts to nearly 600,000, all doing well, enjoying the rights and privileges of a republic, whose constitution is framed after that of the United States. The colored people have a college with thirty-three students at present, and there are fifty churches in the country. Now the society holds 900 applications for passage to the new land, and although it owns a ship and a building in Washington, yet needs $50,000 to carry on the good work of colonizing Africa with intelligent negroes

NEWSPAPERS.—Wherever I have wandered in my missionary labors, whether in the East, West, North, or South, I have always observed that where the newspaper was taken by the family, there thrift, morality, and general intelligence were to be found. In the log cabins of the West, as soon as my eye caught sight of the newspaper, I thought to myself "Here, at least, I will find morality, intelligence, courtesy, and welcome, as a garden ripe to receive the gospel seed!" and I was seldom mistaken. On the contrary, where neither newspapers nor good books were to be seen, there ignorance, bigotry, superstition and grossness were to be found in all their forms. Yes, I have often thought that the newspaper was the pioneer of civilization, and did much to make the way easy for the successful labors of the home missionary.

The New Orleans *Picayune* still advices Southern planters to sell their cotton only for gold.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, APRIL 7, 1870.

ANOTHER STARTLING FRAUD DEVELOPED.

It will be remembered by the people that, some months ago, the Board of Education undertook to sell the "Swamp Lands" of the State to a carpet-bagger by the name of Bibles, for the trifling sum of $30,000. It was ascertained that Bibles, before he had paid a dollar towards the purchase, resold to capitalists at a profit of some $100,000. The fraud was so outrageous and manifest that even the Legislature interfered and upset the "Ring;" but the friends of the fraudulent enterprise rallied just before the close of the late session of the Legislature and passed an Act authorizing the Board of Education to sell the Swamp Lands in the counties of Washington, Tyrrell and Hyde, *for a sum not less than fifty thousand dollars, to actual settlers.*

The members of the Legislature had hardly got home before Governor Holden called the Board of Education, or a part of them, together, and sold these lands to this same carpet-bag Bibles and Sam. T. Carrow, a native of the State, for the sum of $50,000, on a credit of from one to five years. Not a dollar of the money has been paid, so far as we can learn, and no security for the purchase money was given.

This is a worse swindle than the "Penitentiary swindle," because it involves so much more. It is said, by those familiar with the facts, that there are 300,000 or 400,000 acres of land, and a great deal of it the richest land in the State. We learn that the purchasers propose to sell to laboring men for homes, at $5 per acre.—Put the land at the low price of *one* dollar per acre, and it is worth to the State and her Educational interests from $300,000 to $400,000, and yet it is sold by Gov. Holden, almost before the ink is dry on the ratified Act allowing its sale, for $50,000! And not a dollar of that trifling price is paid, and no security taken.

Was the audacity of this man who fills the Executive Chair of North Carolina ever equaled? His action in this matter is without a parallel. Gov. Holden is worse than Littlefield, because he is *Governor of the State*, and Littlefield is not. What is it he will not do to insult, outrage and injure the people over whom the accidents of the times has allowed him to lord it. This man and his satellites seem to have long since resolved to ruin the people and to cripple the credit and resources of the State so as to keep them prostrate and impoverished indefinitely. Yes, this is the man who boasts of his loyalty while he calls his fellow-citizens "rebels" and "traitors," as a pretext to bring to his aid Federal force to enable him to perpetrate such crimes and outrages as that we have just characterized. Yes, he is the loyal, honest man, the faithful public servant, who is to tell the people of the State, black and white, that they must not support honest and capable men; and he does so because he knows that when they administer the Government, he will be heard of no more, save as a by word and a laughing-stock.

Gov. Holden is not only responsible for this stupendous fraud upon the people of the State, but, by his reticence and his endorsation of the active rogues and swindlers who have cursed the State with their presence, if not by active co operation in their deeds, is responsible for the frauds and outrages in this State for the last eighteen months. This we intend to make manifest as the light of day before we are done with the subject.

Let the people understand that Gov. Holden is at the head of the Radicals of the State; he leads and rules them; be it is who slanders his own people for the purpose of bringing troops into the State to overawe the people and to keep himself and his co-workers in crime and fraud, in possession of office; he it is who first belies the people and then appeals to the President of the United States to suspend the writ of *habeas corpus*, so that the voice of law and of right shall be hushed. He rules the Radicals and he and the Radicals are well paid for the arrangement by such swindles as this "Swamp Land" transaction.

We call upon the people of all parties, races and colors, to rally as one man, and put down this "Ring," formed for the purposes of crime, fraud and corruption.—The issue now is simply, shall we have the State government administered by *honest, capable* men, or by *dishonest, incapable* men. This is the issue and the only issue.

We shall have more to say of this "Swamp Land Fraud" before we are done with it. In the meantime, let the people look at the facts in case. There are some 300,000 or 400,000 acres of this land. The act authorizing its sale passed but a short time ago, has not been published, and there are but few persons, even in the State, aware of its passage. No intimation is given that it is in market. In great haste the Governor calls the Board together, the land is sold at about *sixty thousand dollars less* than this same party, Bibles, had bargained it off to a Company, when he was about to swindle the State out of it before; and sold, not to *"actual settlers,"* according to the Act, but to speculators, the loss falling on the Common School fund of the State.

There is this remarkable fact in connection with this transaction, namely, the Governor's paper, the *Standard*, has not said a word about this fraudulent sale of the people's land. Why is this? The sale was made last week, and yet "my son Joe" and the *Standard* are as dumb as oysters.—This sale was an important matter, and yet the *official organ* says not one word about it. Again we ask, why this silence?

After all this, the *Standard* has the hardihood to prate about its being the friend of the people! What hypocritical cant! It never fails, when pressed, to apologize for the frauds of its party, and it will do so in this instance, being forced thereto by a whip it dare not resist.

DENIES IT.

The editor of the *Standard* denies that he expressed the hope of seeing the editor of the SENTINEL "swinging in Wake county jail yard." Well, here is what he said:

"Therefore we declare ourselves in favor of the declarsion of martial law in Alamance county, where the Constitution is set at defiance, and where the laws have already been suspended and the writ of *habeas corpus*, and every other writ, has become of no avail to the peaceable citizen.

This is a frank and candid answer to the question propounded in the SENTINEL, we suppose, by the command of the King of the Ku Klux. He has it now, and we hope that he will yet swing in Wake County jail yard."

"He has it now;" who? Why, the editor of the SENTINEL, who propounded the question, of course. "And we hope he will yet swing," &c. Who? Why, the editor of the SENTINEL, who propounded the question and received the answer. The editor of the *Standard* declares that he has given "a frank and candid answer" to the editor of the SENTINEL, and says, "he has it now" (the answer) and in the same sentence continues, "and we hope that he will yet swing in Wake county jail yard." If this don't mean that he hoped to see us swinging in Wake county jail yard, then we very much mistake his language; although he denies it.

A CLASH OF AUTHORITY.

There seems to have arisen a conflict of authority between His Excellency, the Governor and the Board of Commissioners of New Hanover county. Some doubt, it seems, arose as to which particular Magistrates of the Wilmington Township, out of the five elected, were to compose the Board of Trustees. To settle the question, the Board of County Commissioners, for reasons satisfactory to themselves, named Messrs. J. J. Conoly and E. H. McQuigg, as the Board. But their reasons were not satisfactory to the Governor, and consequently he pokes his Executive finger into their municipal affairs, by appointing another Board of Trustees or Assessors, or whatever it is called.

We see Conoly and McQuigg have applied, formally, to the Board of County Commissioners to know whether they will stand to their rights against the official and officious, and, as is believed, unconstitutional and illegal intermeddling of the Governor, or back down from the position they at first assumed. The Board or the Governor must back down; we await the result.

ENDORSED ALL ROUND.—We believe every Democratic and Conservative paper in the State endorses the Legislative Address. The last number of the Charlotte *Democrat* gives it its approval, or rather, the Address approves the Charlotte *Democrat*, as the editor understands it. But either way, it is all right, and now we may look upon the Address as receiving the unqualified endorsement of the Conservative party of the State.

The *Standard*, unable to pick a flaw in the Address, expresses its determination to ventilate the antecedents of some of those who signed it. Well, let the *Standard* pitch in; we are getting ready to "pick thunder" out of the antecedents of *all* those who form the Executive Committee that runs the Radical machine in this State; we'll bet him a Confederate shinplaster against a Penitentiary bond, that we give him a "Rowland for an Oliver" every time.

We take the following from the *Republican*, Mr. Welker's paper, published at Greensboro:

We understand that on the evening after the act establishing the office of State Printer at a jollification in Tucker Hall in Raleigh, the Senators, Burns, of Chatham, Long of Davidson and Welker of Guilford, were read out of what certain parties are pleased to call *the* Republican party, while Lindsay of Rockingham, was counted as a Democrat. We take no offence at this harmless announcement. No doubt it was grateful to the actors. It is not the first or only farce that has been enacted on those boards, for the amusement of the audience. Those Senators do not feel cold but it is very probable that before the first Thursday of August next there will be too many outside with them.

DARIEN CANAL.—A curious story comes from the Isthmus in regard to the crossing of that "narrow neck of land." Captain Haine has arrived there with credentials from this Government. He says that, being in Europe, he heard of the revived Darien project, and proceeded at once to Washington, where he informed the President that some years ago he crossed the Isthmus of Darien in a *canoe by water*, assisted by the overflow of two rivers at their headwaters, one of which rivers flowed to the Atlantic, and the other to the Pacific. He was prepared to do this again. He gained the ear of the President, who gave him letters to our Consul at Aspinwall, and Captain Selfridge, of the *Nipsic*. Captain Haine, on his arrival at Aspinwall, procured a boat, men, and provisions and started for the point of entrance, delaring that he would be at Panama in his boat within fifteen or twenty days. Fifteen days had elapsed at the last dates from Panama, and there was no news of the captain. They await the opening of communication with him with interest there as well as here.—But the whole story has a dubious appearance. It is hardly probable that the Atlantic and Pacific can be so easily united. —*N. Y. Commercial Advertiser.*

There is a Democratic paper in Lexington, Mo., which, it would seem, has not yet heard of the end of the war, and thinks it is still fighting the Yankees as the Democratic papers of the South are fighting the 15th Amendment. It is called the Caucasian, and in its last number says:

"The Yankee war steamer Oneida celebrated Washington's birthday by going to the bottom of the ocean, near Yokohama, Japan. One hundred and seventy nautical whelps of Doodle went down with her."

NULLIFYING THE NORTH.

The Conservative members of the NORTH CAROLINA Legislature declare that the civil law prevails in each county in that State; that in each of them the officers of the law can peaceably execute proceb; and that the assertions to the contrary of the Governor are "a willful libel upon a people whose rights he has sworn to protect." It is to be noted that these statements come from the most respectable portion of that branch of the State government which, by the Constitution of the United States, is the first judge of the peace in any State. Thus the Constitution declares (article IV., section 4, paragraph 1) that the United States shall protect each State "on application of the "Legislature, or of the Executive (when the "Legislature cannot be convened), against "domestic violence."

It is here seen that the Legislature, if in session, is the prime judge as to whether such insurrection exist in any State as to render necessary or proper a call for the intervention of Federal troops. Also, that if the Legislature be not in session, and the Executive apprehend the existence of insurrection, he is to convene the Legislature to make such call. And, lastly, that only in case the Legislature is not in session, and "cannot be convened," does it appertain to the Executive to declare the existence of a state of insurrection and thereon invoke the aid of the general government. In the case of NORTH CAROLINA the Governor does not proceed in this way. He does not convene the Legislature, but simply declares of his own mere motion that a certain county is in insurrection, and then sends on to Washington for troops. This is not only an illegal but a highly suspicious circumstance. The majority in that Legislature is Radical like himself, and his unwillingness to trust that majority is evidence that, Radical as it is, he feared it would not declare an insurrection existing in the State. Coming as it would direct from the several counties, such a testimony to the peace of the State would have been fatal to the purposes which the Governor is serving, and so he acts by himself. Those purposes, it is almost unnessary to state, are connected with the Congressional elections of this fall. If things go on undisturbed in NORTH CAROLINA, the Democracy are certain to carry the State, and to prevent this we have the present effort to put Federal garrisons within the State. It is well known the proclamation of martial law in one county will almost inevitably breed disorders in others, and these disorders in turn engender such a general condition of disturbance as may forbid any Congressional election, or furnish a pretext for overawing anti-Radical voters and "counting in" Radical candidates, as may best suit party purposes.

This state of affairs, local as it may seem, has an important general bearing, since it reveals in NORTH CAROLINA the work of the plan which is to be operated throughout all the reconstructed States for the purpose of neutralizing the election next fall of Democratic members North by the election of Radical members South. The reflex action in other words, of the bayonet South is to nullify the will of the North, and this though that declartion of the Conservative members of the NORTH CAROLINA Legislature declares there is not the slightest justification for the use of Federal troops in that State where this new programme of nullification breaks ground.—*New York World.*

[From the Wilmington Journal.]

A JUDICIAL FOSKER.

POINT CASWELL, March 31st, 1870.

Dear Journal:—If you will give the following an insertion in the columns of your widely circulated paper, it may serve perhaps, as a poser to the legal profession until something better comes along. A few days since, a Southern darkey was called before a justices' court, under the charge of having assaulted and beaten his wife.—The case was heard upon its merits and the accused discharged, the evidence being insufficient to sustain the charge. The supervision of the *financial department* of that Court being somewhat under the influence and management of a Yankee Justice, (who goes so far *at times* to defend the State's interest as "to compel parties coming into his Court to pay *officers fees* and *all others*, before he will let the party *asking a jury* HAVE one.) The accused was quickly called on for the costs of this suit, (some three dollars perhaps.) The darkey refused to pay the costs, because, as he alleged, he had been acquitted, and the law holds the *defeated party* responsible for *damages and costs.* The Yankee immediately sent back to him for the amount, stating that the accused and his wife were one and the same person in law; and the accused was therefore responsible for the amount of costs as his wife. The accused rejoined by saying that he accepted the premises of the yankee justice *as true*, but that his conclusions were most untrue; for if he and his wife were one and the same *person* in law, and *he* had been acquitted, his wife was also acquitted, and the State alone *could* be amerced with the damages, and he would not pay a cent.

Respectfully,

VOX.

SOUTHERN LIFE INSURANCE CO.,

TO THE PEOPLE OF NORTH CAROLINA.

AT the request of General Jno. B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home.* By careful calculation it is estimated that a sum of not less than *twelve millions* (annually) is sent from the South, to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefitted by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) IS INVESTED IN THE STATE FROM WHICH IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in these States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of a rangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *the only true test of a Company's strength*, fully sustaining this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of References in this State and others.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *bone phosphate* and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer.

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, APRIL 7, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

SPEAKING AT MORRISVILLE.—The Editor of the SENTINEL, by invitation, will address the people of Wake, at Morrisville, on Saturday, the 16th inst.

OPENING DAY for spring and summer millinery at Mrs. C. tinger's, to-day Thursday, April 7th.

NEW LOCAL.—Mr. Henry W. Miller is announced as the Local editor of the *Standard*.

MARSHALING THE FORCES.—A public meeting was held in Paw Creek Township, Mecklenburg co., on the 1st inst., at which R. P. Waring, Esq., was recommended as candidate for the House of Commons of the next General Assembly, and Mr. W. S. Norment for County Commissioner from that part of the county.

THE PENITENTIARY.—We took a walk out to the new Penitentiary, on Tuesday, in company with a friend, and made a note of some things that may interest our readers. On presenting our tickets, we were admitted by the courteous officer at the gate, and conducted to the neat and economically furnished office within the enclosure, where we found Mr. Robinson, the Clerk. By him we were shown over the premises, after first taking a slight view of the ground plat of the contemplated buildings, drawn by Mr. Schofield, the Chief Architect, which enabled us to better understand the operations going on.

There are, Mr. Robinson informed us, 128 convicts within the stockade, proportioned, we should judge, of about one-fourth whites and three fourth blacks. The blacks are generally pure blood, there being very few mulattoes among them. They work in squads of 10, each squad being under the immediate supervision of a guard, while there is a general guard on duty, at intervals, along the stockade. They all seemed to be working briskly, and cheerfully, and appeared clean in person and clothing, and quite healthy.

We saw the place from which the nine convicts made their escape week before last, and are convinced they could not have succeeded if the guard had been attending punctually to his duty. They had, by some means, procured a file and also iron rim of an old carpet-bag, (carpet-bags seem to be connected with all the devilry going on,) with the file they made a saw of the rim and with this saw cut a hole in the floor of the cell through the plank and a layer of sleepers placed close together, at least six inches in diameter. After leaving the cell they scaled the stockade wall by means of some loose planks lying in the yard. They were all white, and occupants of the same cell.

The cooking range and other appliances of the kitchen are ample for present demands and are kept scrupulously clean.—We saw some of the bread, made of corn meal. It was well baked and looked good enough for any body to eat. There is a head cook employed, who is assisted by some of the convicts.

The wash room is also well arranged and kept very clean. The washing is done by convicts.

The entire grounds within the inclosure are well policed, and so far as we could judge, in the short time we were there, every thing seemed to be managed with perfect system. We think the site a judicious one, quite healthy, and we know from having tried it, that the water is pure and pleasant.

We believe, as we have said before, that the Penitentiary Board have very faithfully and economically performed the duties devolved on them, and that they are entitled to the confidence and commendation of the people. All the officers we believe, act with an eye single to duty alone.

DETAINED FOR POSTAGE.—There is a letter detained in the Charlotte N. C. Post Office, for want of a stamp; directed to the Post Master at Raleigh; also, for the same cause, one directed to Miss Fanny Davis, Chapel Hill, N. C.

Also, one in the Richmond, Va. Post Office, for Mrs. Hattie Andrews of Raleigh N. C.

PAYMENT OF INSURANCE.—The following acknowledgement of the receipt of the full amount of an insurance policy issued to Mr. D. J. Ramsay, of Beaufort, is another evidence of the propriety of making that sort of provision for the protection of one's family in case of death. The Æ na has paid to the representatives of various families in this State, within the last three years, one hundred and fifty-three thousand dollars:

BEAUFORT, N. C., March 28th, 1870.

MR. C. LOWENBERG, Local Agent

for "Ætna" Life Ins. Co., Hartford, Con.

SIR:—Through W. H. Crow, General Agent, Raleigh, N. C., I have to acknowledge the receipt of $10,000.00 for Policy No. 36 606, held by Mr. David J. Ramsay, deceased, in the Æ na Company, and with pleasure recommend you to the community at large as an efficient Agent, as well as your excellent company for their prompt payment of claims against them.

Yours respectfully,

WM. B. DUNCAN, Adm'r.
of D. J. Ramsay, dec'd.

April 1 2w.

ABOVE SUSPICION.—A number of the most prominent and influential citizens of the noble old commonwealth of Kentucky have united together to from and recommend to the people at large for patronage, a very attractive Prize Scheme; and we are glad to be able to say that the inducements are so great, and the security for the faithful performance of all promises so strong, that it places the whole thing entirely suspicion. We will be happy to furnish any of our friends information on the subject or to aid them in securing tickets.

CONTAGIOUS DISEASES.—Some things we don't believe and some we do. We don't believe cholera is a contagious disease, but merely an epidemic. We believe mud is, also. Our opinion in regard to the last proposition is based on observation. We notice that the disease of mud, that has so long afflicted some of our streets, is now spreading, not only to other streets, but to the side walks. Not only so, but we notice that boots and shoes coming in contact with the pavements, catch the same disease, and the lower extremities of men's pants, and the bottom of ladies' skirts are often similarly afflicted, and from the same cause.

The spread of this epidemic ought to be checked. Sometime ago, orders were issued from the authorities, to repair pavements. The owners of some few lots complied with the order in good faith; others did nothing, and there the matter was dropped, and for months we have heard nothing on the subject. The consequence is, that those who complied with the order are not benefited, for as soon as they pass off their own premises, going to their business, they have to cross some one else's premises half shoe deep in mud or water. This is true of some of the most public streets, as well as of those less used. We call the attention of Dr. White, and the Raleigh *Medical* Faculty to the subject.

We direct the attention of the City authorities to that portion of Hargett Street between Mr. L. E. Hearth's residence and B. P. Williamson's foundry, which after even a slight rain becomes almost impassable. This is especially so in regard to the side walks which are, if possible, worse than the middle of the street.

We hope the Commissioners, will at their next meeting give this matter their attention and at once cause the necessary repairs to be made.

THE NEW ENGINE.—We are requested to give notice that the Rescue Steam Fire Engine, Company No. 1, will meet at Prempert's Saloon this afternoon, punctually at 3 o'clock, for the purpose of bringing out the new engine, provided the weather permits.

SENTENCED.—George Applewhite and Steven Lowry, tried last week at Whiteville for the murder of ex-Sheriff King of Robeson, and convicted, were sentenced by Judge Russell to be hung at Whiteville on Monday 25th inst. They, with the two Oxendines, whose trial was postponed to next term, were returned to the New Hanover jail. An appeal to the Supreme Court, in the cases of Applewhite and Lowry was asked and granted.

LAST OF LAFLIN.—When this carpet bag Representative of Pitt was about taking the omnibus to leave Raleigh, after the adjournment, he remarked that he expected to "leave North Carolina, never to return." Some of his carpet bag friends replied to the remark, "What! never coming back! O yes, you must come back."

With his foot on the step of the omnibus, Laflin turned his head and said, "Why, is there anything left to come back after?"

It is evident Laflin considered the field pretty well gleaned, and that the time had fully arrived to "sound the loud timbrel o'er Carolina's dark sea."

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair its natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

On failing to comply with the provisions of this section, said banks, companies or persons shall pay as taxes one thousand dollars, to be collected by the Sheriff by distress or otherwise.

SEC. 29. No person shall follow any of the trades or professions taxed by this act, or in any other act, imposing taxes on trades and professions and franchises, without first obtaining a license from the Sheriff of the county in which the trade or profession is to be followed, or the franchise enjoyed. Such license shall give to the person obtaining it the right to practice the trade or profession or to enjoy the franchise therein specified in the county of the Sheriff, by whom it is issued, and in no other, unless the law imposing the tax shall otherwise direct, from its date to the following first day of April: *Provided*, That nothing in this section shall apply to licensed practicing physicians, lawyers or dentists.

SEC. 30. The form of the license shall be in substance as follows:

Received this .....day of.....18....of.....
.....dollars, of which.....dollars is the tax to the State of North Carolina, and ..... dollars is the tax to the county of.....for his license to practice the trade (or profession) of .....until the first day of April next.

(Signed,) A.... B....,
Sheriff of .... County.

(Countersigned,)
C....D....,
Register of Deeds for .... County.

SEC. 31. The amount of taxes to be paid on obtaining the license to practice any trade or profession which is taxed by a certain sum, shall be in proportion to the tax imposed for the whole year, as the unexpired portion of the year from the date of the license is to the whole year.

SEC. 32. Every insurance company, not incorporated in this State, doing business therein, shall pay an annual tax of one per cent to the Treasurer of the State, upon the gross receipts derived from the premiums charged for insurance obtained therein, unless the company shall exhibit to the Governor, Auditor and Treasurer a sworn statement of investments in real property situated in this State, or loans secured by mortgage to citizens of the state of an amount equal to one-half of such gross receipts when the tax shall be one-half of one per cent, said tax to be paid quarterly, viz: on the first days of April, July, October and January in each year. Each general agent shall be required on the above named days to make a statement to the Treasurer, under oath, that the amount by him returned is a full and correct statement for such quarter. On failure to comply with the provisions of this section, every such company shall pay as tax two thousand dollars, and the principal agents shall be liable therefor. Every such company shall be required to appoint a general agent, who shall obtain a license from the State Treasurer before transacting any business therein, and before such license is granted, the applicant shall show to the Treasurer his appointment as general agent, under seal of the company, and thereupon the license shall be granted by the payment of one hundred dollars, and such license shall be renewed annually by the payment of said sum. And it shall be the duty of said general agent to furnish each of his sub-agents with a commission authorizing him to do business. And any one found soliciting insurance without such commission, shall be deemed guilty of a misdemeanor and be fined not less than one thousand dollars and imprisoned not less than ninety days. The agent effecting the insurance shall, on the first days of April, July, October and January, make returns to the sheriff of the county in which the insurance is effected, of all the business done by him during the preceding quarter in said county, and shall pay to him the county tax assessed on such business. The general agent shall also, on the first days of April, July, October and January, make returns to the sheriff of each county, of the amount of gross receipts for premiums received from such county for such quarter. It shall further be required of the general agent or his local agent, to pay to the sheriff of each county the county tax assessed upon the gross receipts of premiums collected in such county, at the time and in the manner as required by the State, and no municipal corporation shall be allowed to and any additional tax: *Provided*, That no county or corporation shall be allowed to tax insurance agents for license. On failure to make returns, or to pay as aforesaid, said agent shall pay twenty-five dollars for each penny effected or negotiated by him in such county.

SEC. 33. Any person proposing to follow any taxed trade or profession may take out a license in advance of the time when he proposes to begin such trade or profession, or in advance of the expiration of a license already held by him. In such case the license shall be dated, and shall specify the time at which it shall begin to be of force, as well as the time when it shall expire, which shall always be on the first day of January, April, July and October.

SEC. 34. No license issued by the sheriff shall be valid until the same shall have been exhibited to and countersigned by the register of deeds of the county, who shall receive for the services imposed on him by this act in reference to licenses, a fee of ten cents from every person licensed.

SEC. 35. The Register of Deeds shall keep a book, in which he shall record the name of the person licensed, the trade or profession to be followed or the franchise to be enjoyed, the date at which it begins to run and the sum paid to the Sheriff, and he shall, on the third Monday in January, April, July and October, send a certified copy of such record, for the quarter last preceding, to the Auditor of the State, who shall charge the Sheriff with the amount so appearing due. If any register shall fail to perform the duty hereby imposed on him, he shall forfeit to the State a penalty of two hundred dollars, to be recovered of him and the sureties to his official bond, on motion in the Superior Court for the county of Wake, and on such motion a certified copy of his official bond and the certificate of the Auditor of State, setting forth his failure to make the required report, shall be *prima facie* evidence entitling the state to judgment in the absence of any sufficient defence.

SEC. 36. Every person who shall practice any trade or profession, or use any franchise taxed by the law of North Carolina, without first having paid the tax and obtained a license as herein required, shall be deemed guilty of a misdemeanor, and shall also forfeit and pay to the State a penalty not to exceed twenty dollars at the discretion of the Court, and in default of the payment of such fine, he may be imprisoned for not more than one month at the discretion of the Court, for every day on which he shall practice such trade or profession, or use such franchise, which penalty the Sheriff of the county in which it is incurred shall cause to be prosecuted for before any Justice of the Peace of the county.

SEC. 37. The Sheriff shall immediately report to the Register of Deeds, all sums recovered by him as penalties under this act, and the Register shall add three-fourths of each penalty recovered to the record of licenses required to be kept by him; the other fourth the Sheriff may retain.

SEC. 38. No license shall be granted to any person until the license tax due by such person shall be duly secured by bond as required in section thirteen of Schedule "B."

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $46,000, and as a further evidence of the great care observed in the selection of risks, 924 applications amounting to nearly $3,000,000, were rejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assetts, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 18th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus Street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than anybody else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.
